ASPIRING LEARNER

https://github.com/Dharshana-12/protofolio | dharshanakannan1305@gmail.com | 9345845565

SUMMARY

"Enthusiastic and motivated learner in web development, currently building skills in HTML, CSS, JavaScript, and Java. Passionate about creating responsive and interactive web designs. Seeking an opportunity to apply my growing knowledge, gain practical experience, and enhance my development skills in a dynamic environment."

TECHNICAL SKILLS

Basics in Java
Basics in HTML & CSS
Basics in SQL
Figma

PROJECTS

MCQ VIRTUAL GAMMING

- Designed and developed an interactive platform for multiple-choice question (MCQ) quizzes in a gaming format, aimed at enhancing learning engagement and knowledge retention. Presented the project at the Sri Ramakrishna College of Engineering project expo.

SMART IRRIGATION SYSTEM

- Developed a system that utilizes sensors and automation to monitor soil moisture, weather conditions, and water levels, ensuring efficient water usage for agricultural purposes. Integrated technology to reduce water wastage and optimize crop growth by automating the irrigation process based on real-time data.

EDUCATION

SNS College of Engineering   **2022 - 2026**

Bachelor of Computer Science and Engineering
- CGPA - 8.73

Little Angels Matric Hr Sec School   **2022**
- HSC - 81.5%

Little Angels Matric Hr Sec School   **2020**
- SSLC - 80.4%

ADDITIONAL INFORMATION

- **Languages:** English, German(Basic),Tamil
- **Certifications:** Basic Coding in Java , DBMS , NPTEL Certification in Java programming
- **InPlant Training:** Training on web development in Speculation Info Tech | Trichy | 03.07.2024 - 24.07.2024
